

# Quantum

## The Most Affordable Continuous Ink Jet Printer

Print real-time "Best By," "Lot Code," "Sell by," "Expiration Codes" and other identifying marks and codes to any substrate.

The Quantum is a high speed printing system capable to print 1-5 lines of text, barcodes and graphics.

A complete range of dye and soft pigmented inks are available in a variety of colors for a wide range of applications.

Typical applications mark and code one, two or three shifts per day or 24/7 operations, five to seven days per week, averaging 4,000–8,760 hour annual operation. Utilize integrated RS232 and programmable inputs\outputs for remote control and communications.

The easy to use Quantum is simplified to allow anyone to operate, minimizing operator touches, extending time between human interaction.

- **AutoClean™**—automatically cleans printhead eliminating daily and weekly cleanings.
- **10.4" Color Touch Screen**—always on, vivid display with large intuitive buttons and status indicators.
- **OneTouch™**—single step operator functions reduce operator steps.
- **On-the-Fly External Ink Filling**—accomplished in less than a minute with no waste.
- **AutoOff™ Go Home Button**—automate and eliminate time consuming end of day manual routines.
