For Immediate Release - BestCode Introduces the:

Model 88S Extreme System
SS316 Grade Stainless Steel Enclosure
For Extreme Wet and High Dust Protection

Print real-time "Best By," "Lot Code," "Sell by," "Expiration Codes" and other identifying marks and codes to any substrate in the most extreme wet and high dust environments.

The Model 88S Extreme is enclosed in a 316 Grade Stainless Steel corrosion resistant enclosure. System can be ordered with optional positive air system for enclosure and printhead enabling the system to operate in the most extreme wet or high dust applications found in food and beverage manufacturing as well as industrial applications.

System prints high speed—1, 2, 3, 4 or 5 lines of text, barcodes or graphics. A complete range of dye and soft pigmented inks available in a variety of colors for a wide range of applications. Typical applications mark and code one, two or three shifts per day or 24/7 operations, five to seven days per week, averaging 4,000 – 8,760 hour annual operation. Utilize integrated RS232 and programmable inputs\outputs for remote control and communications.

PRINT CAPABILITIES
LINES OF PRINT—   1, 2, 3, 4 or 5 lines of text, graphics and barcodes.
IMAGE HEIGHT—   from .06" (1.5 mm) to .75" (19 mm).
NON-CONTACT PRINTING—   ink throw distances from .5" (12 mm) up to 2" (50 mm).
PRINT SPEEDS—   up to 1500 feet/ minutes (470 meters/minute) for single line of print, up to 345 feet/minutes (108 meters/minute) for two lines of print, up to 173 feet/minutes (54 meters/ minute) for three lines of print, up to 119 feet/minutes (36 meters/minute) for four lines of print and up to 114 feet/minutes (35 meters/minute) for five lines of print.

Systems are simplified to allow anyone to operate, minimizing operator touches, extending time between human interaction.
• CleanStart™—automatically cleans printhead eliminating daily and weekly cleanings.
• 10.4" Color Touch Screen—always on, vivid display with large intuitive buttons and status indicators.
• OneTouch™—single step operator functions reduce operator steps.
• Large Volume Ink Tanks—extend time between fluid additions to weeks or months.
• On-the-Fly External Ink Filling—accomplished in less than a minute with no waste.
• AutoOff™ Go Home Button—automate and eliminate time consuming end of day manual routines.

Designed for the world market the Model 88S Extreme System features more than 20 operation and print languages including all Latin based languages, Chinese, Arabic, Cyrillic, Korean, Thai, Vietnamese, Greek, etc. Systems utilize the Unicode character set with capabilities to print over 65,000 different characters and symbols. BestCode products are backed by CodeProtect™, the industry's best coding system coverage.
